Published semi-annually.
Institutional Price: \$25 per year. Individuals Price: \$16 per year

"This is an extremely rich piece of scholarship that blends the perspectives of law, economics, engineering, and political science in comparing public and private standard setting."

—Peter J. May, University of Washington

"The book is of first-rate importance because it does an impeccable job of presenting and analyzing previously unknown and woefully neglected material essential to the ongoing risk debate."

—Aaron Wildavsky, co-author of *The Deficit and the Public Interest*

Setting Safety Standards

Regulation in the Public and Private Sectors
